Monitoring and Regulation of Engineering Colleges

*350. SHRI A. VIJAYARAGHAVAN: Will the Minister of HUMAN RESOURCE DEVELOPMENT be pleased to state:

(a) whether the State Governments have any control on monitoring and regulation of the engineering colleges including issuing No Objection Certificate for new colleges;

(b) if so, the details thereof;

(c) if not, whether there is any monitoring and regulatory procedure/ mechanism to ensure that various States are not saddled and mushroomed with sub-standard Engineering colleges;

(d) if so, the details thereof as on date; and

(e) the details of the engineering colleges and the approved annual intake of students in various States for the last three years, year-wise, category-wise and State-wise?

THE MINISTER OF HUMAN RESOURCE DEVELOPMENT (SHRI ARJUN SINGH): (a) to (d) The All India Council for Technical Education (AICTE) takes into account the recommendations and the objections, if any, of the respective State Government while deciding the establishment of new institutions, an increase in intake as well as adding new programmes in the existing institutions of technical education. All the applicants are required to submit the proposals simultaneously to the AICTE, the concerned State Governments and the affiliating Universities. The AICTE conducts visits by a committee of experts to verify the proposals with regard to the facilities and resources available in the institutions. Annual visits are undertaken by the committee of experts to monitor the quality of education. The State Governments are requested to depute their representative at the time of inspection and provide the State Government's point of view. Based on the approval of the AICTE for the new institution, the State Governments and the affiliating universities are responsible for the admission of students.

Complaints regarding malpractice by institutions are dealt with by the Malpractice Prevention Cell of the AICTE and appropriate penal action such as a reduction in intake, placing the institutions under the 'no-

admission' category, and withdrawal of approval are taken on the merits of each case.

(e) The details regarding the number of degree level engineering institutions and their approved annual intake in various States for the last three years, year-wise and State-wise, are given in the statement.

Statement

Number of degree level Engineering Institutions and their approved annual intake

Number of Degree level Engineering Institutions with intake
